in the picturesque village of Eildon  
in North Eastern Victoria**

*we take pride in our professional, compassionate care*

## *Our facility*

Darlingford is a 51 bed facility that accommodates residents with a variety of care needs including permanent and respite care.

Located in the heart of picturesque Eildon, Darlingford is surrounded by more than three acres of gardens and land, and is home to our resident miniature ponies.

Our highly trained staff are dedicated to providing our residents with a comfortable and carefree home, where they will be treated with respect and affection, secure in the knowledge that expert assistance is always available.

Darlingford is much more than an aged care facility. Darlingford is home to many people from both country and city backgrounds.

The facility is divided into 3 main wings, north, south and east. A dining room is situated in each wing and a large screen television/video in each lounge room area.

There are 37 single rooms, and 7 double rooms. Each room has an en suite bathroom and built-in wardrobe, an electronic bed, sitting chair and bedside table. All rooms are cleaned on a daily basis. Heating and air conditioning is available in all rooms.

Residents are encouraged to make their room as homely as possible, and are welcome to bring some of their favourite things including family photos, memorabilia, pillows, machine washable blankets or doonas, or their own comfy chair.
